

Sugeshan Naidoo

Profile

Armed with a robust foundation in Computer Science, I bring to the table a diverse arsenal of technical proficiencies, spanning across various programming languages and software development methodologies. My communication skills are excellent, both verbal and written, ensuring seamless collaboration and effective information dissemination. I am adept at managing my time efficiently and can thrive in both independent and team-oriented environments. In addition to my technical skills, I understand the importance of adaptability, especially in the rapidly evolving field of technology. I am open to new challenges and eager to learn from real-world experiences.

I am passionate about the transformative potential of blockchain technology in reshaping social interactions and revolutionizing finance, bringing forth a new era of transparency and security. My proactive approach and determination to achieve excellence are qualities that I believe will serve me well in any professional endeavour. With a thirst for knowledge and an unwavering commitment to personal and professional growth, I am excited to dive headfirst into a fulfilling career in computer science, where I can apply my academic learnings and sharpen my skills whilst effectively contributing towards the growth of the organization.

Work Experience

Pravesh Sookraj & Co

15 NOVEMBER 2019 - 25 DECEMBER 2019

Position : Data Capturer

- Captured client company financial data into Microsoft excel, ensuring reliability in record-keeping.
- Collaborated with the finance team to verify and reconcile financial information, identifying and correcting discrepancies.
- Collaborated with team members to streamline data capture processes, improving efficiency and reducing errors.
- Assisted in the preparation of financial statements and reports by providing accurate and up-to-date data.

Computer Skills

Microsoft Office

Ability to Work Under Pressure

SKMS Accounting & Taxation

1 DECEMBER 2022 - 15 JANUARY 2023

Position : Data Capturer

- Accurately and reliably entered financial data into Microsoft Excel, ensuring meticulous record-keeping.
- Worked closely with the finance team to validate and reconcile financial records, effectively identifying and resolving any inconsistencies.
- Demonstrated exceptional attention to detail in processing substantial data volumes, consistently meeting stringent deadlines.
- Partnered with colleagues to refine data capture methods, boosting operational efficiency and minimizing error rates.
- Contributed to the preparation of financial statements and reports by supplying precise and current data.

SKMS Accounting & Taxation

15 AUGUST 2023 - 28 SEPTEMBER 2023

Position : Web Developer

- Designed and built the company website according to user-specification requirements, ensuring a seamless browsing experience for prospective clients.
- Employed responsive design principles to guarantee optimal performance of website across various devices, enhancing accessibility and user engagement.
- Worked closely with stakeholders, including accountants and marketing teams, to gather requirements and ensure alignment with business objectives.

Alba Green Solutions

NOVEMBER 2022

Position : Consulting Assistance with Website Design Detail

- Assisted the client with design ideas for the company website, sourcing of graphics etc. This was delivered to the client in raw format prior to the build phase.

Other Projects Completed

1. QR Code Generator (2023)

Developed a user-friendly web application for generating QR codes from text or URLs.
Implemented a clean and responsive design with a focus on user experience.

2. Expense Tracker (2023)

Developed a web application budgeting tool that can be used to track income and expenses.
Implemented a clean and intuitive user interface for managing transactions.

3. Crypto Price Tracker (2023)

Created a real-time Crypto Price Tracker web application to monitor cryptocurrency prices.
Utilized Web-socket technology to fetch live price data and dynamically update the displayed information.

Please find the link to my Github, above in the "Links" section to be able to view the projects.
